

BRAND NEW BORDER POLICE TO KEEP ILLEGAL IMMIGRANTS OUT

In an effort to secure Britain's borders, the Conservatives will create a new 30,000 strong border police force with sweeping police-style powers to crack down hard on terrorism, organised crime, illegal immigration and smuggling.

This new Border Police will include armed officers carrying out searches for terrorists and illegal immigrants at ports and airports as part of the new protection service.

It would be "uniformed and unified" and would be a police service rather than a civilian organisation, led by a Chief Constable.

Officers will be able to stop, search, arrest and detain suspects, and issue on-the-spot fines for Customs breaches.

This radical step forward will combat illegal immigration, bogus asylum seekers and terrorists walking into our country as they please.

The Conservatives have consistently criticised Labour for not implementing a Border Police, but Labour did not and do not listen to common sense.

Many other countries, including countries like Canada, have a border police force. Brown's Britain doesn't!

Labour's weak 'Border Agency' does not include the police nor do they

have the clout to arrest suspected illegal immigrants and terrorists. It's simply not fit for purpose!

Our Border Police will have the power to stop, search, detain and prosecute the terrorists, traffickers and illegal immigrants who currently slip through the net. Only then will we be able to start making Britain safer with a Conservative Government.

BRITISH JOBS FOR BRITISH WORKERS

Britain was one of only three EU countries to allow all of the 8 new member states from Eastern Europe immediate and unqualified access to Britain.

Tony Blair and Labour predicted an influx of up to 13,000 immigrants from the new member states.

They were wrong. Around 700,000 arrived. Labour let British workers down.

To tackle mass immigration from Eastern Europe, we will impose transitional controls on the right of nationals of the new EU member states to work in the UK.

This prevents an unlimited number of new immigrants from taking British jobs from British workers.

WE WILL STOP BOGUS STUDENTS ENTERING THE UK

The Conservatives have policies to close dangerous loopholes in the student visa system that have let almost 1.5million bogus students into our country unchecked.

We would require foreign students to pay a deposit of up to £6,000 that is repaid only when they return home, clamp down on bogus colleges and ban people switching between student and work visas.

Osman Dervish says: "Only too often when I walk through East London I see 'dodgy' looking 'business colleges.' Many have been exposed as being fronts for sneaking immigrant 'students' through the back door into Britain. We'll close these loopholes!"

FOREIGN CRIMINALS SHOULD BE REMOVED FROM BRITAIN

Conservatives will scrap Labour's Human Rights Act

Labour's Human Rights Law protects Terrorists and Hate Preachers like Abu Hamza and Omar Bakhri

The Conservatives have pledged to scrap the Human Rights Act which stops foreign criminals and illegal immigrants being deported.

It has allowed terrorists to remain in the UK when they should have been removed.

It has also been used by burglars, criminals and teen gangs to get away with crimes.

The Chairman of the Prison Officers Association said:

"For too long prisoners have used the Human Rights Act to undermine prison staff and prevent them fulfilling their full role." (Daily Express website, 09/12/08)

It's time to say enough is enough!

The Conservatives will introduce a British Bill of Rights compatible with English Law.

This will restore confidence, common sense and justice in our English Legal System.
