* Returning Officer has indicated that the count may take place on the day after polling day if the UK Parliamentary general election is held on the same day as the 2010 English local government elections.

** Denotes constituency where information has been updated since the previously published version of this table.

*** Due to an administrative error Newark and Sherwood were both included as beginning counting on polling unless combined with local government elections. The error has been rectified and both are now factored in as beginning counting on polling day. This is reflected in the summary table.
