OPEN ME IF YOU WANT TO HAVE YOUR SAY

EU - Let's have our say on Constitution

Charlie Elphicke,
Conservative Candidate
for Dover & Deal

The EU costs every household in Britain up to £2000 a year according to independent experts. EU rules make up at least 6 out of 10 of our laws. It's important. The new treaty is really the old constitution. The Labour Government says no to a referendum even though they promised one at the last General Election. I don't think a bunch of politicians should just nod this stuff through. Everyone should have their say. If you agree, please fill in and return the petition below.

Charlie

Conservatives

I think the Government should hold a referendum on the "Treaty of the Functioning of the EU", which it promised at the last General Election.
